

SAFETY TRAINING OPTIONS

Harford Mutual Insurance Group offers various online safety training courses to help protect your business from losses.

EVOLVED SAFETY LEARNING MANAGEMENT

Evolved Safety provides access to more than **1,000 online training courses** through the **Health & Safety Institute course catalog**.

- Courses include:
 - General employee safety
 - HR-related training
 - Driver safety training
- Admins can easily add and manage employees in the system.
- All training activity is tracked and documented automatically, and shows course completion and quiz pass/fail status.
- Training records are available at anytime and in multiple languages.

TOOLBOX TALKS

Automate Safety is designed to send out **quick toolbox talk trainings, with a quick quiz at the end of each one**.

- Short trainings cover a variety of topics and take about 2 minutes to read.
- Each training includes a 2-question true or false quiz.
- Toolbox talks are delivered via text message or email.
- Admins can assign a full year of trainings at once, with topics sent on scheduled dates.
- Admins can view who opened the training and who passed or failed the quiz.
